

Map of 3D Elevation in Youngstown

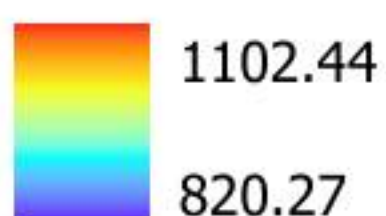

Patrick Hullman, February 20 2025

Legend

Elevation (Feet)

Value

Description:

This shows a 3D map of Youngstown, Ohio. The red dots symbolize points at higher elevations, and the blue dots show points at lower elevation.

The lowest parts of the town are measured in feet above sea level, so the lowest points of this town are around 820 feet and the highest points are around 1102 feet.
