Line Of Sight From 34m Platform

-  Visible From Line Of Sight
-  Not Visible From Line Of Sight
-  Area Not Visable From Height Of Platform
-  Area Visable From Height Of Platform

In order to see Logan County Fairgrounds from the Dam, the observation platform must have a minimum height of 34 meters.

This map displays the visibility from the 34 meter high observation platform, both when looking directly at the Logan County Fairgrounds and also the surrounding area in general.
